Address: University of Malawi, PO Box 280, ZOMBA, Malawi (Work)

ABOUT ME

I am a highly motivated and accomplished 26-year-old professional with a Bachelor of Science degree in Physics from University of Malawi and a software engineering certification by ALX Africa. Hailing from Malawi, I bring a diverse perspective and a strong academic foundation to any professional setting. My educational background has equipped me with a solid understanding of theoretical and practical aspects of physics and software engineering, honing my analytical and problem-solving skills.

I am eager to apply my knowledge and contribute to innovative projects. I possess a keen interest in software production related fields, and I am enthusiastic about leveraging my skills to make meaningful contributions in these domains. With a commitment to continuous learning and a strong work ethic, I am ready to embrace new challenges and grow both personally and professionally.

WORK EXPERIENCE

09/02/2024 – 28/02/2025 Toronto, Canada

SOFTWARE DEVELOPER BUSINESS ON SOFTWARE(BOSS)

- Maintaining existing software
- Adding Updates to existing software
- Ensuring smooth operation on the hosted software
- Securing the databases from malicious activities
- Backend engineering
- Frontend Engineering
- Dev ops
- Developing New Stable Software systems
- AI Prompt engineering

01/10/2022 – 31/07/2024 ZOMBA, Malawi

PART-TIME PHYSICS LECTURER/INSTRUCTOR UNIVERSITY OF MALAWI

- Preparing lectures
- Delivering physical and online lectures
- Instructing lab sessions
- Assessing students
- Student engagement
- Curriculum development
- Advising and mentoring students

Department Department of Physics and Electronics | **Email** bmtonga@unima.ac.mw | **Website** www.unima.ac.mw

08/05/2021 – 09/11/2022 ZOMBA, Malawi

RESEARCH ASSISTANT SAVE THE CHILDREN INTERNATIONAL

- Collecting data
- Analyzing data
- Report writing
- Field work
- Data entry and Management
- Research design
- Collaboration

•Quality control

04/05/2019 – 13/10/2020 LILONGWE, Malawi

RESEARCH ASSISTANT AFRICAN INSTITUTE OF COOPERATIVE CITIZENSHIP

•Collecting data

•Report writing

•Recognizing problems in obtaining data

•Inquiring about specific information

● EDUCATION AND TRAINING

17/05/2017 – 13/05/2021 ZOMBA, Malawi

BACHELOR OF SCIENCE University of Malawi

Website www.unima.ac.mw | Field of study Physics | Final grade 3.4 | Level in EQF EQF level 6 | National classification 7 |

Type of credits 180 | Number of credits 120 | Valid until 13/05/2030 |

Thesis water purification using concentrated solar power

11/05/2022 – 07/05/2023 Nairobi , Kenya

ALX HOLBERTON SOFTWARE ENGINEERING CERTIFICATION ALX Holberton School Africa

Website www.alxafrica.com

● LANGUAGE SKILLS

Mother tongue(s): **CHICHEWA** | **TUMBUKA** | **YAO** | **TONGA**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	C2	C2	C2	C2	C2
FRENCH	A1	A1	A2	A2	A1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

● DIGITAL SKILLS

Microsoft Office package: Microsoft Word, Excel, PowerPoint, Access | SQL and MS-SQL | Database MongoDB | Basic knowledge of STATA and SPSS (through training in the social sciences) | Autodesk AutoCAD (2006/2017) | Programming with Python, Node js, Ruby, Bash, React, Js | C (Standard ANSI C89) | * dart , c++ , Java | DevOps: AWS, Git. | cPanel/WHM Control | Google Chrome Extensions | Html, Java, CSS | Devops: Docker, Jenkins

● NETWORKS AND MEMBERSHIPS

09/07/2023 – CURRENT Blantyre

Member of Malawi institute of Physics

I am a full member of this institute that mainly deals with emerging technologies in the field of physics and engineering

● CONFERENCES AND SEMINARS

10/10/2023 – 14/10/2023 LILONGWE

Zantchito Entrepreneurship Bootcamp

The bootcamp was about business incubation programmes that supports idea-stage entrepreneurs in Malawi. It provides pre-incubation, incubation, and post-incubation support, as well as Business Development Services (BDS) and access to finance to Technical, Entrepreneurial, and Vocational Training (TEVET) graduates, university graduates, and Micro and Small Enterprises (MSEs) with the aim of helping them to establish sustainable enterprises and create decent, formal jobs.

● RECOMMENDATIONS

Associate Professor JSP Mlatho Head of Department

I have known him as my lecturer during my undergraduate studies and He is now my employer at University of Malawi, Physics department

Email pmlatho@unima.ac.mw | **Phone** (+265) 881762788

Patrick Mzaza Co-staff

I have known him as my lecturer during my undergraduate studies and He is now my co-staff at University of Malawi, Physics department

Email pmzaza@unima.ac.mw | **Phone** (+265) 884053448

Ishmael Ntenje Human Resource Manager

I have known him as the human resource manager at save the children and he played a pivotal role in recruiting me as a research assistant at Save the children International

Phone (+265) 999555640

● PROJECTS

07/10/2022 – CURRENT

Anaerobic Digestion For Production of Biomethane

The Anaerobic Digestion for Methane project aims to harness the potential of anaerobic digestion technology to produce methane gas from organic waste materials. Anaerobic digestion is a biological process that breaks down organic matter in the absence of oxygen, generating biogas rich in methane. This sustainable and environmentally friendly approach not only mitigates waste issues but also provides a renewable energy source.

12/11/2021 – CURRENT

UberEats clone

The Uber Eats Clone project using the Flutter framework aims to replicate the core features and functionalities of the popular food delivery platform, Uber Eats. This mobile application will provide a user-friendly and efficient solution for customers to order food from local restaurants, and for restaurant owners to manage orders seamlessly.

● MANAGEMENT AND LEADERSHIP SKILLS

Operations Manager

As the Operations Manager at Ovitreats, I have consistently demonstrated effective leadership in steering our operational processes to new heights. Through a combination of strategic vision, hands-on management, and team empowerment, I have played a pivotal role in optimizing efficiency and fostering a culture of excellence within our operations.

My leadership style revolves around collaboration and empowerment. I have successfully led cross-functional teams by providing clear direction, setting achievable goals, and encouraging open communication. By cultivating a culture of accountability, I've motivated my team to take ownership of their responsibilities, resulting in streamlined processes and increased productivity.

In addition to day-to-day operations, I've been instrumental in implementing process improvements and leveraging technology to enhance overall efficiency. I am adept at identifying bottlenecks and implementing innovative solutions, ensuring that Ovitreats remains agile and responsive to market demands.
